INGREDIENTS

In 1 capsule: (Allium sativum, garlic)
(Allie sativa bulbi extractum oleosum) 270 mg

In 6 capsules (recommended daily dose): (Allium sativum, garlic)
(Allie sativa bulbi extractum oleosum) 1620 mg

Garlic oil extract

Ingredients: Garlic oil extract, gelatin, humectant: glycerol, corn starch, sweetener: sorbitol and mannitol.
It does not contain gluten.

EFFECT

Alitol capsules are a rich source of garlic. Alitol capsules contain Garlic oil extract, which ensures a constant content of active substances of the garlic. The capsules are released only in the intestine without causing an unpleasant odor and do not irritate the intestinal mucosa.

Versatile applications of garlic were known to the ancient people who often used it in the daily diet.

DOSAGE

Adults are recommended 1 to 2 capsules 3 times a day during or after meals.

Swallow capsules with liquid.

You can take Alitol capsules for a long period of time.

Alitol capsules should not be taken if you are allergic to garlic or any of the other ingredients of a dietary supplement.

WARNINGS

People who take medicines need to consult a doctor before taking this product.

If you are taking medicines to lower blood pressure, consult with your doctor before taking Alitol capsule. The capsules should not be taken together with medicines used to prevent blood clotting as an extension of the time of blood clotting can increase the risk of bleeding.

Before the scheduled surgery one should stop taking Alitol capsules because they can prolong the blood clotting time.

Not recommended for pregnant women and nursing mothers.

The recommended daily dose should not be exceeded.

Supplements are not a substitute or replacement for a balanced diet.
